

# Levitating Cellular Insights: Uncovered, Unaltered Unbiased

Gentle, Simple, and Label-Free Live-Cell Enrichment

Tuesday, February 27<sup>th</sup>  
12 PM – 1 PM

UTHSCSA, ALTC  
7703 Floyd Curl Dr., Room 1.105  
San Antonio, TX 78229

Learn about and see in action the newly launched [LeviCell™ EOS](#) that enables higher throughput of revolutionary proven levitation technology for processing and characterization of any sample or cell type. Optimize cellular health, purity, and viability without altering, stressing, or damaging cells, for any downstream applications.

TRUE BIOLOGY & REAL CELLULAR  
INSIGHTS TO POWER YOUR RESEARCH

Join us to learn how you can:

- ✓ Increase your sample viability up to 99%
- ✓ Remove dead cells and debris
- ✓ Succeed with as low as 3k cell input

3  
STEPS

20  
MINUTES

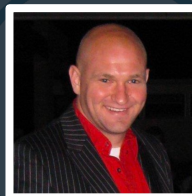

1-4  
SAMPLES

We call that  
*Ready. Set. Done.*

**We look forward to seeing you there!**

**Lunch and refreshments will be served.**
