Settled in the heart of the page, the document introduces a list of Notices, each beginning with a bullet point. These notices cover a variety of topics, from funding opportunities to withdrawn participation and notices of intent to publish new funding opportunities. A particular note highlights the withdrawal of NIDDK's participation in a certain program, and another provides updates on the Clinical Trials Policy.

To the right, Requests for Applications are outlined, beginning with a bold heading. Each application is detailed with its specific requirements and submission dates. For instance, the Medications Development for the Treatment of Alcohol Use Disorder application is described, with stipulations on submission dates and the type of funding it offers.
