Definition of “Sexual Harassment” under Title IX

Conduct on the basis of sex that satisfies one or more of the following:

1. An **employee** of the institution conditioning the provision of an aid, benefit, or service of the institution on an individual’s participation in unwelcome sexual conduct (Quid Pro Quo);
2. Unwelcome conduct determined by a reasonable person to be **so severe, pervasive, and objectively offensive** that it effectively denies a person equal access to the institution’s education program or activity; or
3. **“Sexual assault,” “dating violence,” “domestic violence,” or “stalking”** as defined under Clery/VAWA.

5

5

#2 Element Examples

- **“Severe”**: Physically threatening or humiliating; effects of the alleged conduct to a reasonable person (using a “reasonable person” standard)
- **“Pervasive”**: Frequency, duration of the alleged conduct
- **“Objectively offensive”**: To a reasonable person (using a “reasonable person” standard)
- **“Reasonable person” standard**: An objective test to denote a hypothetical person who exercises average care, skill, and judgment in conduct under similar circumstances as a comparative standard.
- **“Effectively denies...equal access”**: Totality of the circumstances

For example, the degree of the alleged conduct’s interference with the CP or effects in an educational setting, type of alleged conduct, frequency and duration of the conduct, knowingly unwelcome in nature

6

6

“Education program or activity” under Title IX

Includes locations, events, or circumstances over which the institution exercises **substantial control** over both the respondent and the context in which the alleged sexual harassment occurs, and also includes any building owned or controlled by a student organization that is officially recognized by the institution.

- **Example** of a “building owned or controlled by a student organization”: **Fraternity or sorority house** that is occupied by students of the organization, and the student organization is a recognized organization with the institution.

Definition of “Other Inappropriate Sexual Conduct”

Conduct on the basis of sex that does not meet the definition of “sexual harassment” (under the Model Policy), but is prohibited inappropriate or unprofessional sexual conduct.

Such conduct is:

1. **Verbal conduct** (including through electronic means), unwanted statements of a sexual nature intentionally stated to a person or group of people, that are objectively offensive to a reasonable person and also so **severe or pervasive** that it created a Hostile Environment.
2. **Physical conduct** that is objectively offensive to a reasonable person and also so **severe or pervasive** that it created a Hostile Environment.

Breakdown the Elements of the Possible Policy Violation at Issue

Policy Differences: For the purposes of this training, the UTS Model Policy for Sexual Misconduct will be the primary policy reference for definitions. UT Institutional policies may have some differences.

17

17

Look at the Provision(s) at Issue:

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

For the purposes of this definition:

- **Course of conduct** means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- **Reasonable person** means a reasonable person under similar circumstances and with similar identities to the victim.
- **Substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Interview & Questioning Approaches

20

A. Traumatic events can affect a person's brain chemistry and functioning, which can impact **memory recall, information processing, and communication**

B. Possible effects on memory recall:

- Flashbacks
- Delayed recollection
- Difficulty concentrating
- Non-linear recollection
- Self-blame

21

21

Basis for a “Trauma-Informed” Approach

A. Encourages all participants to share what they are able to recall about their experience without demanding chronological recall; and

B. Facilitates the gathering of information in a balanced manner from all individuals

22

Interview Notice

- Date, time, & location of the interview meeting
- Names of the invited or expected meeting participant(s)
- Purpose of the meeting or investigative interview
- Opportunity to present any information, evidence, and/or witnesses relevant to the formal complaint.
- An advisor of choice may attend, though not required.

23

23

Pre-Interview: Rapport-Building Prompts

- ***“Help me understand how you are feeling right now.”***
- ***“What, if anything, can I explain to you about this process before we get started?”***

Note: Consider possible **barriers** or **concerns** to building trust with a participant.

- How can you minimize or eliminate these factors?

26

Funneling Technique

1. Open Phase

2. Clarification Phase

3. Pinning Down Phase

27

27

Interview Start (Open Phase)

- Allow the person to provide their account of the incident **in their own words & at their own pace**:
 - ***“What are you able to tell me about your experience?”***
 - Allow time for the person to respond.
 - Do **not** ask a lot of questions at first.
- Be patient & respectful.
- Be comfortable with **silence**.
- **Nodding** or **“Mmm”** are ok (shows interest).
- Follow-up (if a general prompt is necessary):
 - ***What, if anything, do you remember once you...[insert last part]...?***

28

28

Clarification & Follow-ups (Clarification Phase)

Attempt to clarify from **all** parties. Examples...

- **“Tell me more about [blank]...”**
- **“When you said [blank]...help me understand what you meant...”**
- **What, if anything, do you remember once you...[insert last part]...?**
- **Instead of asking “Why or why not...?”...**
Say “Help me understand **your thought process** for [insert the clarifying part]...”
- **“What did you mean by [blank]...?”**
- **“How do you know about [blank]...?”**
- **“There are *differences* in your account vs. [blank]...[insert specifics] ...help me understand the reason(s) or rationale for this different account...”**

Non-Stranger Sexual Assault Cases

39

39

Consent Definition

A **voluntary, mutually understandable agreement** that clearly indicates a willingness to engage in each instance of sexual activity. Consent to one act does not imply consent to another. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Consent can be withdrawn at any time. Any expression of an unwillingness to engage in any instance of sexual activity establishes a presumptive lack of consent.

Consent is not effective if it results from: (a) the use of physical force, (b) a threat of physical force, (c) intimidation, (d) coercion, (e) incapacitation or (f) any other factor that would eliminate an individual's ability to exercise his or her own free will to choose whether or not to have sexual activity.

A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be a voluntary, mutually understandable agreement that clearly indicates a willingness to engage in each instance of sexual activity.

40

40

Consent

(Example Questions/Considerations)

- Refer to the definition of “**consent**” based on the **institution’s policy**.
- What was the nature, timing, & scope of the **relationship** btwn the parties?
- What were each party’s **expectations** (e.g. perceived, communicated), about the **nature of the contact** on the date of the alleged incident?
- What was the manner of communication **before, during, & after** the alleged incident (e.g. words & actions) btwn the parties?
- What were the circumstances of the **CP’s disclosure (of a possible sexual assault)** & the **RP’s reaction** to the disclosure?
- Who **initiated** the sexual activity (that is at issue in the allegation(s))? How so, or in what way?
- What was the **impact** of alcohol or other drug use in relation to the **ability to give consent**?
- Are there any reported or demonstrated **predatory behaviors**?
- **For RP** (if applicable): What **words or actions** by CP indicated **consent** to sexual activity?

THE UNIVERSITY OF TEXAS SYSTEM
ADVANCING LEARNING, INSPIRING INNOVATION

41

41

First...Establishing Consent

Consent is not effective if:

- Physical force;
- Threat of physical force;
- Intimidation;
- Coercion; or
- **Incapacitation**
- Other factors?

THE UNIVERSITY OF TEXAS SYSTEM
ADVANCING LEARNING, INSPIRING INNOVATION

42

Incapacitation Definition

Incapacitation is the **inability, temporarily or permanently, to give consent** because the individual is mentally and/or physically helpless, either voluntarily or involuntarily, or the individual is unconscious, asleep, or otherwise unaware that the sexual activity is occurring. An individual may be incapacitated if they are unaware at the time of the incident of where they are, how they got there, or why or how they became engaged in a sexual interaction.

When alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. When drug use is involved, incapacitation is a state beyond being under the influence or impaired by use of the drug. Alcohol and other drugs impact each individual differently, and determining whether an individual is incapacitated requires an individualized determination.

43

43

Intoxication:

- Slurred, mumbled or slow speech
- Weaving or stumbling while walking
- Falling down or loss of balance
- Exaggerated emotions
- Difficulty picking up objects
- Spilling food or drinks
- Delayed responses to questions
- Trouble counting numbers
- Excessively quiet, sullen

Incapacitation*:

- Mentally or physically helpless
- Unconscious
- Asleep
- Unaware of the sexual activity occurring
- Unaware of time, place, or how they became engaged in a sexual act
- A state beyond drunkenness or intoxication

THE UNIVERSITY OF TEXAS SYSTEM
ADVANCING LEARNING. EMPOWERING LEADERS.

* Using a "reasonable person" standard

44

44

Incapacitation Definition (Cont.)

After establishing that a person is in fact incapacitated,
the University asks:

1. Did the **person initiating sexual activity** know that the other party was incapacitated? And if not...
2. Should a **sober, reasonable person in the same situation** have known that the other party was incapacitated?

If the answer to either of these questions is “YES,” consent was absent and the conduct is likely a violation of this Policy.

Note: A Respondent will be found to have violated policy only if the **Respondent** knew or should have known that the person was incapacitated.

45

45

- **Memory gaps** for events that occurred while a person is intoxicated.
- The alcohol consumption for the person is sufficient to block the process of developing memories.
- The amount of alcohol that can trigger “blackouts” can vary from person to person.
- Examples:
 - **Fragmented blackouts:** Spotty memories, missing periods of time in between memories that can be recalled)
 - **Complete amnesia:** Can span hours at a time, where memories didn’t form and typically cannot be recovered later)

46

Incapacitation (Example Questions/Considerations)

- What were each person's **pre-incident** behavior?
- **Quantity & quality** of alcohol & other drug use:
 - What was the nature of the **event & setting**?
 - Was there any respective **power or control** of either party?
 - Who **supplied** the alcohol or other drug(s) to either party?
- What were each person's **expectations & mindset**?
- How did each person **reasonably know** the level of intoxication of the other party?

THE UNIVERSITY OF TEXAS SYSTEM
UNIVERSITY OF TEXAS AT AUSTIN, UNIVERSITY OF TEXAS AT DALLAS, UNIVERSITY OF TEXAS AT SAN ANTONIO

47

47

Incapacitation (Cont.) (Example Questions/Considerations)

- How did each person know, if at all, **where** they were going, **how** they got there, **what** they were doing (actions/words), and/or **what was going on around them** (understanding the environment)?
- How was **consent** given or communicated?
- Is there any information from **witnesses, video footage**, etc. as to the level of incapacitation?
- What were each person's **post-incident** behavior?

THE UNIVERSITY OF TEXAS SYSTEM
UNIVERSITY OF TEXAS AT AUSTIN, UNIVERSITY OF TEXAS AT DALLAS, UNIVERSITY OF TEXAS AT SAN ANTONIO

48

48

Intimidation Definition

49

49

Coercion Definition

The use of unreasonable pressure to compel another individual to initiate or continue sexual activity against an individual's will. Coercion can include a wide range of behaviors, including psychological or emotional pressure, physical or emotional threats, intimidation, manipulation, or blackmail that causes the person to engage in unwelcome sexual activity. A person's words or conduct are sufficient to constitute coercion if they eliminate a reasonable person's freedom of will and ability to choose whether or not to engage in sexual activity.

Coercion (Example Questions/Considerations)

- If the CP alleges **coercion**: What does “coerced” **mean to you**?
- Describe what “coercion” **feels like** to you...**looks like** to you...
- At the time of the alleged incident, did the RP **ask for** or **attempt to initiate** sexual activity? If yes, how many times? Over what period of time? **How** did the RP ask or initiate engaging in the sexual activity?
- At the time of the alleged incident, what did you think might happen if you **refused** or **said “no”** to the sexual activity? How did you come to that **concern or conclusion**?
- In addition to the “repeated asks” [or *insert specific description*] to sexual activity, **what else**, if anything, was going on at that time?
- Were there any “**threats**”? If yes, what were the threats **expressed**? How was the threat **expressed** to you? Describe the context of the “threats.” Were there **consequences** expressed, if noncompliant?

False Complaint & False Information Allegations

60

60

Definition of “False Complaints & False Information”

Any person, who in bad faith, knowingly files a false complaint (under the Policy) or provides materially false information is subject to disciplinary action up to and including dismissal or separation from the University.

A determination that a Respondent is not responsible for allegations of Sexual Misconduct does not imply a report, Formal Complaint, or information provided was false. Similarly, a determination that a Respondent is responsible for a policy violation does not imply that a Respondent's statements disclaiming responsibility were false.
